RE: Petition for Expedited Review of Growth Code Denial by the Number Pooling  
Administrator Relating to Dana Corporation  
Docket 03-00591

Dear Mr. Roberson:

This is in response to your request for additional information regarding this Petition.

First, please note that while BellSouth's Petition described the customer's request for 100 DID numbers, the Petition did not specifically reference the customer's request for a particular range of numbers. However, the customer's letter attached as Exhibit D to the Petition did request numbers in the range from 731-352-2100 to 731-352-2199. We apologize for any confusion caused by omitting that requested range information in the Petition.

As you requested, the attached report shows the numbers currently available for assignment in the 731-352-2 block. While Exhibit H to our Petition shows 725 numbers working in the 731-352 code, the attached report shows that only thirteen numbers are available for assignment in the range requested by the customer in Exhibit D.

We trust this information addresses your questions. Please contact me if you need any additional information.

Yours truly,

A handwritten signature in cursive script that reads "Paul Stinson".
